

15W-40 EURO MAX | HT10005

Holland EURO MAX 15W-40 is a mineral-based multigrade engine oil developed to provide dependable lubrication and protection under a wide range of operating conditions. Its balanced additive technology helps keep the engine clean while reducing wear and deposit formation.

APPLICATIONS

Suitable for older petrol and diesel engines, both naturally aspirated and turbocharged. EURO MAX 15W-40 can be used in passenger cars, commercial vehicles and other equipment where a 15W-40 engine oil with the appropriate performance level is specified.
